News

[Demo AI Â· openai / gpt-4o]

Write a short community news blurb (80-120 words).

Topic: News. Tone: friendly. This is placeholder copy for the news section. Edit freely, then save before moving on.

Featured Story

[Demo AI Â· openai / gpt-4o]

Write a featured founder/community story (120-180 words).

Topic: Featured Story. Tone: friendly. This is placeholder copy for the featured story section. Edit freely, then save before moving on.

Tips

[Demo AI Â· openai / gpt-4o]

Write 3 practical tips as short paragraphs.

Topic: Tips. Tone: friendly. This is placeholder copy for the tips section. Edit freely, then save before moving on.

Events

Event Processing Technical Society (EPTS) is an inclusive group of organizations and individuals aiming to increase awareness of event processing, foster topics for future standardization, and establish event processing as a separate academic discipline.
